Studio Ninety Innovations Pvt Ltd is launching a new social media platform viz. **RECTO MVM**. It is useful for people from all walks of life for entertainment, chatting, selling, purchasing, advertising, marketing, etc.

Several features available in some other social media which are of daily use are also being incorporated in **RECTO**. Money transfer, File transfer, etc will be available through future updates. So it is an all-in-one app. Another important attraction is an inbuilt browser which enables the user to use all the above features without depending on other browsers.

Individuals of all age groups and segments, retail/wholesale dealers, industrialists, entrepreneurs, self-help groups, students, housewives, and so on can draw themselves into the business. Any genuine and lawful business can be linked and any certified products on the planet can be marketed globally using **RECTO**. Also, an option to earn profit through affiliated marketing is also available.

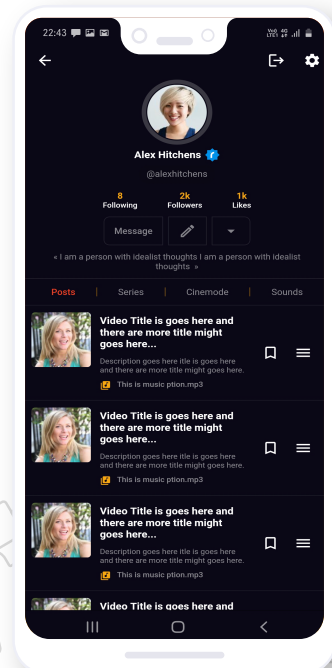

It can be used for entertainment and chatting as well. Users can bring out their hidden talents by uploading short videos.

**RECTO** is the first app in the world with MVM technology as a marketing tool. It will be launched in Google Playstore and Appstore in January 2021.
